Pass by the largest hospital in the southern hemisphere, Chris Hani Baragwanath Hospital. It was during the June 16, 1976 student uprisings, protesting students fled to Regina Mundi from Orlando Stadium to escape the police's bullets and teargas canisters. The police followed the students into the church, firing live ammunition and damaging the marble altar and crucifix. Bullet holes are still visible in the church ceiling and damaged marble stand provide tangible evidence of the violence of these police raids and the ensuring rush to evacuate the building. Our final stop will be at the Credo Mutwa Cultural Village (an African Zulu Shaman) to gain insight about the role played by traditional culture within an urban environment.
