6th Venezia in Musica 2008

2nd International Choir Competition

Venice, one of the world's most famous centres of music, is once again hosting a festival that combines an international choir competition with encounter and friendship concerts. The large number of categories and two levels of difficulty mean that every choir will be able to find the right competition to perform in.

The competitions are being held in the congress centre and one of the beautiful churches of Jesolo, the popular holiday resort on Venice's doorstep. And of course there will be plenty of time to take part in encounter and friendship concerts with other choirs in Venice's famous churches and picturesque campi (squares).

If you and your choir prefer, you are free to come just for the encounter concerts. But if you do so, we do advise you not to miss the competition performances of other choirs. Who knows? Maybe you and your choir will develop a taste for it and sign up for future MUSICA MUNDI choir competitions, and sing for gold, silver or bronze.

**VENICE –
ENCHANTING METROPOLIS OF MUSIC**

For 1,100 years, the great maritime power of Venice held sway over the Mediterranean region. It's former wealth is reflected by countless palazzi, churches and other prestigious monuments, and by the vibrant artistic and cultural scenes between St. Mark's Square and the island of Lido, which have brought forth the Biennale and the opera house, La Fenice, recently restored to its former glory. Specialised tours will give you the opportunity to get a glimpse of Venice's illustrious history. Come and experience the unique atmosphere of the enchanting Lagoon City.
