TWO CITIES, ONE PASSION

20 years after the foundation of the World Choir Games in Austria (2000) the international choral world will once again celebrate the world's largest international choir competition in the heart of Europe.

Antwerp and Ghent are the hosts for the World Choir Games 2020 and promise top-class venues, fantastic choir concerts and unforgettable experiences!

With three official languages and a wealth of local dialects, Belgium is a great crossroad of cultures and thus a perfect host for the largest international choir competition in the world.

Thousands of international participants will be warmly welcomed and immediately feel at home when bringing their music and cultures to Flanders in summer 2021.
