Singing for peace

Italy, the beautiful country in the south of Europe inspires ensembles from all over the world to go on very special concert tours.

In addition to its long musical tradition, its fascinating architecture and its unsurpassed gastronomy, there are this remarkable vitality and joy of living that make this country a perfect place for the realization of unforgettable musical projects.

Along the lines of St. Francis, namely that „the Lord may give you peace“, we are pleased to welcome choirs from all over the world to Perugia and Assisi. Unlike in previous years, our festival takes place under the sun of the Italian late summer in 2021.
