PERUGIA/ASSISI, ITALY

4th Voices for Peace

INTERNATIONAL CHOIR FESTIVAL

Singing for peace

Italy, the beautiful country in the south of Europe inspires ensembles from all over the world to go on unique concert tours. In addition to its long musical tradition, its fascinating architecture and its unsurpassed gastronomy, it's the remarkable vitality and joy of living that makes this country the perfect place for unforgettable musical projects.

Along the lines of St. Francis' blessing that „the Lord may give you peace“, we are pleased to welcome choirs from all over the world to Perugia and Assisi for VOICES FOR PEACE – and together send a message into the world that has reached even more importance again in current times.
